HENGA

*"The wisemen said..."*

Founded in 2014 in Nairobi - Kenya, **Henga Systems Limited** is a Software and Design Company that offers Creative Digital Solutions to small and medium enterprises that make business operations much easier and more affordable.

Henga is coined from the *swahili* word **"Wahenga"** which means a group of wisemen.

**Our mission** is to deliver exceptional products to clients and businesses that meet global standards. We aim to uplift the quality and reliability of software and design solutions created not just in Kenya, but throughout Africa.

#### Our Promise

Bringing your idea to life tends to always turn out to be more work than you'd expect. Developing or Designing a Solution is no different. We take care of you from product ideation and design, to development and maintenance, to managed hosting and support by equipping you with the right tools to bring that great idea you have to life.
